

Inseego Wavemaker™ mesh Wi-Fi X700

Wall-to-wall wireless coverage

About Inseego

As a U.S.-based company, we design and develop all of our products in the USA and hold them to the highest security standards. Our products and solutions are trusted by top tier carriers, government entities, and Fortune 500 enterprise customers.

Greater network coverage

Mesh Wi-Fi X700 provides backups to data flow and creates a stronger, more dependable network that can cover larger areas.

Simple installation

You can pair easily with your FX4100 cellular router via Wi-Fi or Ethernet. The indicator LED helps you find the best signal spots for top performance.

Scalability and flexibility

Supports multiple X700 mesh nodes using wireless or wired mesh backhaul. In addition, connects to mesh clients via Wi-Fi or Ethernet.

Mesh management

Configure your entire mesh network through FX4100 mesh router locally or with Inseego Connect.
